

Lightweight & space-saving

The new Praktikus 500 offers a modern podium for events, bands and DJs with a 12 mm screen printing plate. At just 29 kg and a storage height of 8.3 cm, it is light and space-saving. The new ergonomic frame profile ensures a modern look and comfortable handling. Safety corners made of impact-resistant plastic minimize the risk of damage and injury. A laser-cut aluminum strut provides the necessary stability and fits the frame contour perfectly, making the product robust and safe.

“Praktikus 500“ at a glance

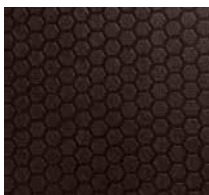

Area (W x D)	100 x 200 cm
