

### “Profi 140“ at a glance

Area (W x D)	100 x 200 cm
Weight	from 90 kg
Usable area	2 m <sup>2</sup>
Stacking height	20 cm
Traffic load	750 kg/m <sup>2</sup>
Height grid	20 cm up to 140 cm (grid width 20 cm)

### With an even greater adjustment range up to 140 cm!

The height-adjustable Profi 140 scissor platform can be easily set up to 140 cm. With the help of the red lever and integrated gas pressure springs, the platform can be adjusted to the desired height. Support brackets guarantee a load capacity of 750 kg/m<sup>2</sup>. The bolts lock securely into the aluminum frame and offer maximum safety. Tensioning straps ensure for stability, even at low heights. The Profi 140 is available in standard heights from 20 to 140 cm (in 20 cm steps).

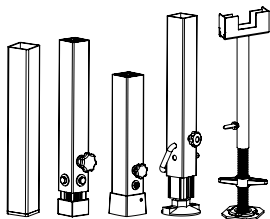

Manual release with lever. Height adjustment is possible while standing. The element does not need to be turned.

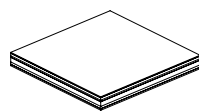

Additional self-engaging support brackets ensure the load capacity of 750 kg/m<sup>2</sup> with a platform height of 40 and 60 cm.

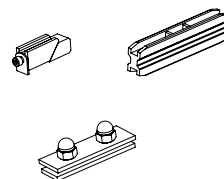

Variety of suitable floor coverings can be found on p.44/45
