

SCISSOR PLATFORMS

UNISTAGE BASIS & PROFI

Available in two versions: Basis & Profi

The Unistage series is available in two versions: Unistage Basis with simple manual release and Unistage Profi with manual lever and cable pull. This lightweight, height-adjustable aluminum scissor platform offers height options of 20, 40, 60, 80 and 100 cm. The aluminum frame and the Y-scissor system ensure stability and safety, supported by movable load distributors. Locking the bolts in the frame guarantees maximum safety, and the inclined position is possible at all heights. The aluminum base frame ensures a lightweight but stable design, ideal for flexible platform solutions.

“Unistage“ at a glance
